

UPS GROUND SAVER®

A STREAMLINED ECONOMY SOLUTION

UPS Ground Saver® provides an economical, easy-to-use shipping solution for Worldwide Express customers' lightweight, low-value and residential and commercial shipping needs.

UPS GROUND SAVER® IS A SMART SOLUTION WHEN YOUR SHIPMENTS:

Are primarily B2C and bound for a residential and commercial addresses

Are small and lightweight — generally less than 10 lbs. in weight or one cubic foot in size

Have a value of less than \$100 and require limited liability coverage

Don't require urgent or guaranteed delivery times

WITH UPS GROUND SAVER®, YOU DON'T HAVE TO COMPROMISE QUALITY FOR COST, EITHER. IT BEATS THE OTHER COMPETITIVE POSTAL SOLUTIONS WITH:

CONSISTENT TIME-IN-TRANSIT

Although not a guaranteed service, you can easily estimate and communicate delivery times to your customers knowing that UPS Ground Saver®'s time in transit is UPS® Ground plus one to two days in the 48 contiguous U.S. states, where the service is available.

INTEGRATED SHIPPING & TRACKING

With the convenience of preparing UPS Ground Saver® shipments alongside your other small package shipping on both SpeedShip® and UPS's systems, plus the ability to track packages with any UPS tracking tool, UPS Ground Saver® adds transparency for your customers and simplifies your shipment creation process.
